

ASSIGNMENT

Topic: Induction Feedback

Introduction

My name is **Mamta Rani**. I am a **Data Science Data Analysis With Artificial Intelligent**. I want to learn Technical & Soft Skills to build a Strong & Secured career in IT field. I will give my best to learning this skill.

Main content

First of all, I would like to explain that though my educational background is from different stream. But I had always been interested in the technical field. When the opportunity arose to pursue a career in IT field. I chose to join **IT Vedant**. After seeing the facilities & environment here, I Convinced that this institute was the right choice for my Personal & Professional development. So, I would like to say the induction session exceeded my expectations. It gave me confidence that I have chosen the right institute to achieve my career goals. I appreciate the guidance and support provided by the trainers and staff. I am excited to the learn new technologies, improve my technical & soft skill, work real time project & work hard throughout this course. Thank you for making the induction session informative, motivating and inspiring. Therefore, I sincerely thank you the **IT Vedant Team** for organizing such a wonderful induction session. I am confident that this course will help me build a successful career in the IT Industry.

Conclusion

The induction program was very informative, inspiring and well organized. It helped me understand the course, learning process, and future career opportunities. I am thankful to the trainers and entire **IT Vedant team** for their guidance & support. I will stay dedicated, work hard and make the best use of this opportunity to achieve my career goal. Thank you for such a wonderful induction experience.
